

The region is excited.
Here, an international competition.
Everyone will create a Phoenix Cafe that will be the base for this.

It's nice to have a café in each area.
It's good to be able to support children in each region.
A place where adults gather and this city becomes the main character.

What is Phoenix Cafe?

While supporting local children,
Adults, companies, and communities connect naturally
Community-first community café

And it is a base for hosting international competitions in this city.
